

The Perfect Marriage of Aesthetic and Spa Services

Looking your best at any age is the motto that Dr. Samuel Shatkin Jr. has been stating since starting in practice in 1989. “When my brother, Dr. Todd Shatkin and I joined our father, Dr. Samuel Shatkin Sr., after finishing our training, we were able to offer our patients a 1-stop shop for looking their best.” states Dr. Samuel Shatkin Jr. Combining services for a beautiful smile in the dental area as well as complete face and body aesthetics on the plastic surgery part of the practice at the Aesthetic Associates Centre is what their focus has been since inception. The next logical step to enhancing our practice began just over 6 years ago when we opened the Tres Auras Spa. Dr. Shatkin jokes about this addition being a “Perfect Marriage” between aesthetic and spa services as he explains. “I was approached by the owners of The Mosey hotel on Main Street in Williamsville to consider opening a Med Spa in their lobby. I thought, about the perfect extension of what we do aesthetically, and wanted to include my wife in this “Perfect Marriage”. Who better to run the spa than my wife. She has a degree in market-

ing and business from the University of Buffalo, she has experience in hospitality and as a “business partner” I now have a work wife and home wife”, he chuckles as he explains the arrangement. We have been married over 34 years, and I still know who is the boss. The Tres Auras Spa is actually completely managed by Joni Shatkin, and all services are overseen by Dr. Samuel Shatkin Jr as medical director.

Tres Auras Spa in Williamsville provides services to Buffalo and Western New York and is innovative in the field of skin care, nail, hair and massage therapy. The staff of Aestheticians, Cosmetologists and Massage Therapists use their extensive knowledge, training

and technical skills in order to create a personally rejuvenating and relaxing experience for their guests. The team provides a culture of personalized, high-quality, results-driven skin care, massage and technical expertise. And best of all, they are open 7 days a week, and many holidays, so the services you have do not disrupt your routine daily activity.

Dr. Shatkin is quick to remind that the Aesthetic Associates Centre for Plastic Surgery, Advanced Skin and Laser Care offers the full array of services including Aesthetic Facial surgery and body contouring including Breast Augmentation, Liposuction, Tummy Tuck and

Mommy Makeovers which is a custom approach combining several of those modalities. They have an award winning, fully accredited, Office Based surgery center which is second to none in Western New York, where they perform the majority of these procedures in a private, comfortable setting. The surgery center has recently been renovated with a state-of-the-art air filtration system, assuring patients a safe surgical experience. In addition to surgical procedures, they offer non-surgical procedures which include Tattoo Removal, Laser Resurfacing, Botox injections,

Facial Fillers, Medical Facials, Microdermabrasion, Chemical Peels and Photofacial IPL, Hair removal and the newest technology in RF radiofrequency rejuvenation and fat reduction treatments. They also offer IV nutrition therapy and weight loss counseling.

Dr. Shatkin also adds that the success of the Aesthetic Associates Centre and Tres Aurae Spa falls entirely on his team of health professionals. Many of his staff have been with them for more than 20 years, a true testament to the culture they offer to their patients. “Patients love to come for treatments with our staff. They enjoy seeing us and we look forward to us treating them.” Dr. Shatkin states.

The goal of Dr. Shatkin, his wife Joni and their staff is to help their patients and clients maintain a natural and healthy appearance by rejuvenating from the inside out and outside in. They believe that balance in one’s

shape and appearance goes beyond the surface, and the holistic approach the Aesthetic Associates Centre and Tres Aurae Spa offer to looking your best starts with a healthy lifestyle which will allow the mirror to truly reflect ones inner and outermost beauty. Dr. Shatkin tells us that he learned long ago that growing old does not necessarily mean looking old. Their patients come to them to slow

down or turn back the clock. “We are blessed to have patients and clients that are not only confide in us but allow us to help them through their journey with their surgical or non-surgical treatments and help to maintain that youthful look and outlook on life”, says Joni Shatkin.

If you want to look your best, at any age, contact the Aesthetic Associates Centre at 716-839-1700 or Tres Aurae Spa at 716-GR8-Skin today! Or find them on the web at www.drshatkin.com or www.spabuffalo.com.
